Part A: Pupil premium strategy plan

Statement of intent

In direct support of our key objectives in our 2024-25 School Development Plan, Crockham Hill CE Primary School intends *to use Pupil Premium Funding* to encourage children to develop skills which help them to become well-rounded individuals, with the confidence to make a difference.

Overcoming barriers to learning is at the heart of our Pupil Premium Grant use. We understand that needs and costs will differ depending on the barriers to learning being addressed. As such, we do not automatically allocate personal budgets per student in receipt of the Pupil Premium Grant. Instead, we identify the barrier to be addressed and the interventions required, whether in small groups, large groups, the whole school or as individuals, and allocate a budget accordingly.

We receive funding for each disadvantaged pupil and use the funding flexibly to maximise impact. The percentage of our pupils eligible for pupil premium is significantly lower than the national average for primary schools.

Our Priorities

- Ensuring all students receive quality first teaching each lesson
- Closing the attainment gap between disadvantaged pupils and their peers.
- Providing targeted academic support for students who are not making the expected progress
- Addressing non-academic barriers to attainment such as attendance, behaviour, well-being and cultural capital
- Ensuring that the Pupil Premium Grant reaches the pupils who need it most

Our Implementation Process

At Crockham Hill CE Primary School, we believe in selecting a small number of priorities and giving them the best chance of success. We also believe in evidence-based interventions and learning from our experiences. We will:

- Identify a key priority that we can address
- Develop a clear, logical and well-specified plan
- Support staff and solve any problems using a flexible leadership approach
- Drive faithful adoption and intelligent adaption
- Plan for sustaining and scaling the intervention from the outset
- Continually acknowledge good implementation practices

Our Review Process

The progress of pupil premium pupils is a crucial part of pupil progress meetings. The impact of all targeted pupil premium interventions is measured and reported at these meetings. Once the year has been completed, a new strategy will be created in light of the lessons learned during the execution of the previous strategy, and with regard to any new guidance and evidence of best practice that becomes available.

The Deputy Head Teacher and Head Teacher are responsible for ensuring a pupil premium strategy is always in effect.

Accountability

We expect all members of our school community, particularly staff and governors to be committed to raising standards and narrowing the attainment gaps for our students.

The Head Teacher and Deputy Head/SENDCo will be responsible for implementing the Pupil Premium Strategy. They will ensure that all staff are aware of their responsibilities in narrowing the gaps of our pupils. They will also ensure that staff are given appropriate support and relevant professional development opportunities to accelerate pupil's progress and attainment. Through performance management arrangements, they will make sure narrowing the gaps is a priority area of focus for the school.

It will be the responsibility of the Head Teacher to include the following information in the annual report for Governors:

- the progress made towards narrowing the gap, by year group, for disadvantaged students
- an outline of the provision that has been made since the last annual report
- an evaluation of the cost effectiveness, in terms of the progress made by the students receiving a particular provision, when compared with other forms of support

The school Finance Officer will monitor the use of the Pupil Premium Grant on a regular basis to track the allocation and use of pupil premium funding in order to see that it is providing value for money.

Teaching staff role

We will implement successful strategies to accelerate progress of students and narrow the gaps. These include;

- maintaining the highest expectations of all students and not equate disadvantage of circumstance with 'low ability',
- promoting an inclusive and collaborative ethos in their classrooms which enable pupils from disadvantaged backgrounds to thrive,
- planning and delivering lessons to a high standard and supporting the acceleration of progress in learning, so that gaps can be narrowed and improvements maintained.
- supporting disadvantaged groups of students in their class through differentiated planning and teaching, especially for those who find aspects of learning difficult and are in danger of falling behind,
- keeping up-to-date with teaching strategies and research, which have proven track record in narrowing the gaps in attainment and achievement.

Governing Body

Our governing body has an important role in ensuring our school complies with legislation and that this policy, along with its specific stated actions for narrowing the gaps is implemented. The governing body will keep our work in narrowing the gaps under review so that they can monitor the use of the Pupil Premium.

Looked After Children

Currently we do not have any Looked After Children. If that changes, they are funded in the same way as Pupil Premium students and money is allocated to the school on a monthly basis. The Deputy Head/SENDCo, is responsible for reviewing any PEPs for each looked after child we might have and to monitor provision for their academic and pastoral needs. PEPs will be updated to reflect actions to be taken and costing put in place to reflect the support needed for each child. Funding requests will be discussed at PEP reviews every six months.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Lower oracy skills and the impact on their learning
2	Attachment issues – previously in care. Adopted Dec '23. Reduced ability to be resilient/independent in their learning. Working significantly below age-related expectations.
3	Reduced ability to be resilient in their learning.
4	Reduced physical development impacting gross and fine motor skill
5	Immaturity / Summer-born focus
6	Attendance is an issue as is social interaction with their peers
7	Lower oracy skills and the impact on their learning
8	Moderate development delay. Non-verbal.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
No difference in progress between advantaged and disadvantaged pupils	<i>100% of disadvantaged pupils make progress from their starting points appropriate to their level of ability.</i>
No difference in achievement between advantaged and disadvantaged pupils	<i>100% of disadvantaged pupils pass the KS1 Phonics Screener, where there is no SEND.</i>
Extend language/vocabulary	<i>Vocabulary understanding and usage has increased by at least 6-9 months from starting points, depending on level of oracy and SEND.</i>
